MINNIE

Simple Resilient Machine

Benefits at a Glance

Made for Rugged Industrial Environments

24x7 Use (With Stoppage for Maintenance)

Can be Integrated with Automation

High Volume Throughput

Flexible & Extremely Ergonomic

European components selected carefully

Laser Marking, Engraving & Deep Engraving

Technical Specifications

	Class IV
	Max. Workpiece Weight <25 kg
	Nominal Parts Dimensional 300X400X200 mm
	Materials Metal, Plastic, Composite
	Machine Dimension 704X590X1420 mm
	Safety Goggles Always wear safety goggles
	Air Conditioning Needed (Up to 40 °max.)

Optional Items

Air Conditioning Unit

Foot Switch

Motorized Z- axis
(remote control)

Smart Fume
Extractor

Upgrades
